## Who is Julie Flanagan?

Julie's little bit crazy, ARTrageous, VERY creative, cheerful, often funny and very easy going. Children love her; high schoolers admire her talent and enjoy her many fun facts about art history, her travels and her varied knowledge of many art processes and techniques. At her studio, **She's taught students from East, Miego, Acquinas, Rockurst, Sion, St. Theresa's.** She can draw anything and loves working in 3-dimensions and painting. She loves making large scale art and environment design for auctions all over town. **She loves to give tours at the Nelson-Atkins Museum of art where she also teaches children from the city, inner city and adults.** She's seen many parts of the world as well as the U.S. and is an "art museum groupie." So far the count is around 43 museums from all over!

Check out pictures of her recent travels on face book

She DID go to college, KU, and was a diver for the KU diving team too, 8th in the Big Eight! Rock Chalk Jayawk! She has a Visual Communications Degree and a minor in Fashion Illustration. She also has a degree in Art Education from Avila U and MANY graduate level classes in Fine Art and Art Education. **She taught 15 years at Nativity Catholic School grades 1-8, directing the 8th grade play and also the sets for years.** She helps the homeless with art experiences and contributes her time to many community art endeavors. She lived in Rome Italy for 6 months to study art history and architecture. Her 3 children have lived in the Middle East, Central America, London and have traveled all over the world bringing back books, art and cultural experiences to their mom and Julie loves to sharing these with her students.

If you don't have room in your school schedule for art classes, **SUMMER** can be your creative time! You can choose techniques and processes from anywhere in the world for the class to experience, even Chinese Manga.
